The femdom niche lives or dies on staying in character. The moment you drop the frame to ask 'so do you want to buy this,' the fantasy breaks. These scripts keep you in control from the first line to the sale, all within consensual, agreed-upon roleplay. Fill in the [brackets], set your rules early, and never chase, make him earn it.

Set the frame

Establish who is in charge in the first message.

you're here because you already know your place. good. i expect manners and attention. give me both.

before we go further, you're going to tell me exactly why you came looking for me tonight. don't disappoint me.

Commands and tasks

here's your task for today: [simple task]. report back when it's done. i'll decide if you did it well enough.

you don't get my attention for free. show me you've earned it and maybe i'll reward you.

Praise and discipline

Alternate warmth and control. Both keep him hooked.

PRAISE

that's exactly what i wanted. see how good it feels to do as you're told?

DISCIPLINE

that's not how you talk to me. try again, properly this time, and think about your tone.

Sell in character

i made something specifically for good subs who follow instructions. unlock it and prove you're one of them.

you want more of my time? my time isn't free. it's waiting for you above, don't keep me waiting.

Fill-in-the-blank frames

- 'good [pet name]. you did [task] just like i said.'
- 'you have until [time] to [instruction]. don't test me.'
- 'kneel, focus, and unlock [content]. that's an order, not a suggestion.'
