Findom is a consensual roleplay dynamic between adults who both know the game. Keep it playful, keep it in character, and always keep it agreed-upon. These scripts help you set the tone, keep the dynamic alive, and stay in role from the first line onward. Fill in the [brackets] and let him enjoy the fantasy he came for.

Set the tone

Confident, unbothered, in charge. Never desperate.

you already know why you're here. you like being useful to someone like me. so let's not pretend otherwise.

i don't chase and i don't beg. that's your job. and you're rather good at it, aren't you?

Keep the dynamic going

good. that's what a devoted [pet name] does. see how much better you feel when you're pleasing me?

you want to feel that rush again, don't you? then you know exactly what to do to get my attention.

Reward and attention

Attention is the currency. Give it deliberately.

THE REWARD

since you've been so good, you get a little of my time. don't waste it.

keep this up and you move to the top of my list. that's a privilege, not a promise.

Fill-in-the-blank frames

- 'good [pet name]. you know your role and you play it perfectly.'
- 'you've earned [reward]. that's what happens when you devote yourself properly.'
- 'i'm feeling generous with my attention today. impress me and it's yours.'
