OnlyFans Content Planner 2026

Plan a whole month of content in one sitting, so you're never scrambling for what to post.

Rosa Verde

A free tool for the creators we work with. rosaverdegroupp.com

Scrambling for 'what do i post today' is where creators lose hours and momentum. This planner lets you map a whole month in one sitting using content pillars and a simple batching system. Fill in the template, film in batches, and let your future self coast. The goal is to make posting a decision you already made.

Your four content pillars

Every post is one of these four. Balance them and you never look one-note.

- Reach: free, shareable posts that pull new eyes in (teasers, trends, personality).
- Connection: content that builds the relationship (voice notes, day-in-the-life, Q&A).
- Selling: PPV, bundles, tip games, and offers.
- Proof: fan reactions, favorites, and 'most unlocked' callbacks that build desire.

The one-sitting monthly plan

Fill one row per week. Do it once a month with a coffee.

Week	Hero theme	Batch to film	Main sell
Week 1	[theme]	[3-4 sets to shoot]	[PPV / bundle]
Week 2	[theme]	[3-4 sets to shoot]	[PPV / bundle]
Week 3	[theme]	[3-4 sets to shoot]	[PPV / bundle]
Week 4	[theme]	[3-4 sets to shoot]	[PPV / bundle]

Batch like a studio

- Film one 2-hour session, get 2 weeks of content. Outfits and locations change, you don't reset your energy.
- Shoot in 'looks': same set, 3 outfits, gives you variety without a full reset each time.
- Always capture a teaser clip and a few stills from every shoot for free-reach posts.

Idea bank (never stare at a blank plan)

- A 'get ready with me' in your favorite outfit.
- 'Rate my [X]' interactive post.
- A themed set tied to the nearest 2026 date.
- A behind-the-scenes 'how i actually make content' peek.
- A fan-choice poll that decides your next shoot.
